## Focus on Youth

For the first time, we are inviting youth leaders to the summit. Three special workshops will be offered to youth, (see below) who can also listen to our key-note speakers. If you are a youth or work with youth, we are looking for those taking leadership in making healthy choices in their school or community.

### Scholarships for Youth

If interested, contact Phil Rose at 471-1359 x 305.

### Parent/School Permission

Please see release form for parents and school, on the next panel of this form, stating that the youth is allowed to attend.

For further information, please contact:

## Youth Workshops

1. **Plan It Forward** - Teens will learn: principles of goal setting, why goals are important and the difference between a goal and a dream.
2. **Medial Literacy** - TV, the Internet, radio, magazines all carry messages about drinking and other drugs. We will learn how to recognize and fight these messages.
3. **How to Make Effective Presentations** - Most of us were not trained to go before groups and speak. Learn how to get your message across in a powerful and clear manner.
